

FWEGA May Newsletter

Hello FWEGA!

I hope you are all doing well and enjoying spring. It is nice to see many of you sharing pictures of your lovely gardens on social media. Spring is certainly in bloom!

So much work goes into keeping gardens healthy and vibrant. It is the same in our chapter. For everything to work we need each of you! There are several opportunities both big and small. Here are some.

- Shawn LaFleur is collecting donations for our seminar basket. This is a great fundraiser for us so anything you can contribute is greatly appreciated. Please bring to the May meeting or coordinate with Shawn.
- We need a Yearbook and Outreach Committee Chair.
- We need volunteers to help teach the Girl Scout class this Saturday. Contact Sue Greene if you are able to help. The class is right after the May meeting.
- We will be talking about some big events in June- Our chapter retreat, shop hop, and our 50th anniversary. We need you for these events to be a success!

I would also like to recognize a couple of FWEGA "gardeners" who have done much to help us bloom.

- The seminar committee has worked tirelessly to plan the 2025 South Central Region Seminar. I hope you are able to attend!
- Shawn LaFleur organized a great basket for the Stitching Texas retreat and it made almost \$800 for the chapter!
- Jennifer Egan has redesigned our website and will provide a tour during the May meeting.
- Shawn LaFleur and Angela Sparks hosted a Stitch in Public Day to provide fellowship in their area.

I know there are even more amazing things happening in our chapter. How can you contribute to our garden?

Jeanne
